

With all the problems we have in the U.S. today, I would think there would be one freedom we could enjoy without more government regulations. I live in the rural country side of Vermont where accurate weather reports are scarce and XM Radio brings us a little bit more in touch with the outside world. Please think about the little people outside of the more densely populated areas who also deserve!!

Jim Lunnies, one of the little people who are paying the bills and your salary to repress us further. Vote to reject 04-160 and support my rights.
